

2020 Michigan Environmental Compliance Calendar

Regulation	First Quarter	Second Quarter	Third Quarter	Fourth Quarter
SARA ¹ Title III, Tier II ²	March 1 st			
RCRA ³ Biennial Hazardous Waste Report	March 1 st			
ROP ⁴ Annual Compliance Certification	March 15 th			
MAERS ⁵ (Michigan Specific Requirement)	March 15 th			
Water Use Report (Michigan Specific Requirement)		April 1 st		
SARA Title III, TRI ⁶			July 1 st	
GHG Emissions Reporting ⁷	March 31 st			
NPDES ⁸ Stormwater Permit and SWPPP ⁹ Review Form (Michigan Specific Requirement)	January 10 th			

Notes

1. SARA: Superfund Amendments and Reauthorization Act
2. Tier II: SARA Section 312
3. RCRA: Resource Conservation and Recovery Act
4. ROP: Renewable Operating Permit (Title V of the Clean Air Act)
5. MAERS: Michigan Air Emissions Reporting System
6. TRI: Toxic Release Inventory (SARA Section 313)
7. GHG: Greenhouse Gas
8. NPDES: National Pollutant Discharge Elimination System
9. SWPPP: Stormwater Pollution Prevention Plan

Additional Compliance News and Notes

Spill Prevention Control and Countermeasure Plans (SPCC):

SPCC plans must be reviewed every five years. Also, make sure your plan is signed and implemented.

GHG Emission Reporting:

Greenhouse Gases (GHG) are carbon dioxide (CO₂), methane (CH₄), nitrous oxide (N₂O), hydrofluorocarbons (HFC), perfluorocarbons (PFC), sulfur hexafluoride (SF₆), and other fluorinated gases, including nitrogen trifluoride (NF₃) and hydrofluorinated ethers (HFE).

ROP Excess Emission Reporting:

Some permits may require more frequent reporting. Certain deviations have immediate reporting obligations.

Training:

Annual training is required under many of the regulations listed above (SPCC, NPDES, and RCRA-LQG).

This is not intended to be an exhaustive list. Environmental regulations are dynamic, and the chemical-handling practices at your facility are likely not static. You should, therefore, consider local, state, and federal environmental reporting requirements in light of a changing regulatory environment.

Finally, you might want to consider an environmental compliance assessment to evaluate your compliance status.

If you have any questions regarding environmental permitting or planning, or would like assistance, please contact [Matthew Schroeder, P.E.](#), or [Jeffrey Bolin, CHMM](#), at 248.932.0228.
